### Pagoda Tents

#### ALUMINIUM PAGODA TENT

Pillar height : 8feet, Peak height: Outdoor Events are in trend currently. Pagoda tents give a posh attractive décor to the events. Pagoda tents are lightweight, free standing tents with no centre poles. This feature makes it simple for storage at point of use & also at ware house. Pagoda tents are stable to use and can be erected on any surface which spans over a wide area. Pagoda tents use high quality PVC cover. Installation is less laborious and consumes less time. Usage in any season for events is the unique selling proposition of Pagoda tents

Sizes:  
10x10 Feet, 15x15 Feet & 20x20 Feet
